“I believe the messages you send of peaceful ways, caring for the earth and each other, and the value of relationships, all delivered with your special sense of fun and humor, are very valuable life experiences for kids. Your music acts as a mighty antidote to the kind of messages they are all too often immersed in outside of school. You tell them that their lives and concerns are important, you encourage them to laugh, and to smile with understanding at people's foibles. You encourage them to be internationalists. Thank you so very much!” D.G., Music Teacher
